Mortgage financing

To ensure standardization of the drawdown conditions set out in the PPC, the Future Seller recommends that the Future Buyer arrange a mortgage at one of two cooperating banks (ČSOB a.s., Hypoteční banka, a.s.), at the selected branches listed in the Appendix. The Future Seller also recommends arranging a mortgage directly with the selected branch without the involvement of an outside financial advisor; the main reason for this is to make sure of fast communication with the mortgage bank. The Future Seller also makes it possible to use the services of an outside financial advisor from Expres finance or Hyposervis. If the Future Buyer requires a different branch, a different financing bank, or a different mortgage advisor, this change will be subject to the approval of the Future Seller, which has the right to approve or reject the change. **If approval is given to financing with a bank with which the Future Seller does not have a contractual arrangement or through the Future Buyer's own mortgage advisor, the Future Seller is entitled to charge an administrative fee of CZK 50,000 for the administrative tasks associated with this.*
